**Communities
Thrive** @ your library

April 11—17, 2010, is National Library Week, a time to celebrate the contributions of libraries, librarians and library workers in communities nationwide.

The Springdale Public Library will celebrate National Library Week by hosting information programs and library tours for community organizations and clubs.

If your organization or club would like a program about the Library and the services it offers to the community, please contact Cindy McCauley at 479-750-8180 or by email cmccauley@springdalelibrary.org

"Libraries are the heart of every community and our library helps our community thrive," says Marcia Ransom, library director. "At our library, people of all backgrounds come together for community meetings, lectures and programs, to do research with the assistance of a trained professional, to get help finding a job or to find homework help."

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association (ALA) and libraries across the country each April.
